

Alor

Introduction

A voyage experienced by an Aman Private Yacht is a voyage like no other. Amandira is thrilled to welcome guests on board for an eight-day, seven-night venture through Alor, a group of islands in the Lesser Sunda Islands.

Alor is the least-visited part of the East Nusa Tenggara province. The unspoilt flora of the islands is paired with world-class diving for an all-around experience of natural beauty. Pristine waters and beautiful coral reefs – which scorpionfish and pygmy seahorses call home – provide world-class diving, with opportunities to see sunfish, reef sharks, hammerheads and even whales. The sunfish, locally known as mola mola, are the world's largest bony fish, and are a stunning sight. With visibility up to 40 metres, the crystal waters provide a fantastic opportunity for novice and experienced divers alike.

Kindly note that this itinerary is provided as a sample for inspiration of the region and experiences that are possible aboard an Aman Private Yacht. Prior to embarkation, guests will have the opportunity to discuss specifics with their Cruise Director to ensure that the experience is catered to specific interests and expectations.

Day 1 Embark on Amandira

Board Amandira in Maumere, Flores. After a personal welcome by the crew, guests will enjoy a sumptuous breakfast as the yacht cruises north towards the nearby sandy island of Pulau Babi.

Later that day, enjoy a nap on the beach or even quick dip to check out the surrounding lively reefs. After a few cocktails and canapes, dinner will be served al fresco below the stars.

Day 2 Volcanic Islands

During breakfast, the journey continues to the isolated island of Komba. This small active volcano is well-known for its consistent eruptions. Snorkel or dive in the multitude of vibrant reefs wrapping around it.

Later, enjoy sunset lounging off the stern and sip on cocktails as the peculiar landscape with thunderous booms, slowly fades away.

Day 3-4 Underwater Discoveries

As the sun rises, Amandira arrives at Alor, a cultural and marine diversity hotspot. The immense variety of reef fishes and diverse macro life below the surface is nothing short of legendary.

After a few dives, the yacht will continue towards town. Learn about the craft of the famed Ikat fabric and perhaps assist in a traditional war dance.

For those interested in a night dive, Alor offers the most mesmerizing critters crawling out after dark.

Tour around town passing several sperm whales skeletons and observe the unique way of life of the friendly locals.

Day 6 A Day of Relaxation & Discovery

Tide permitting, the day starts with breakfast on a dreamy sandbank with three different volcanos in sight. After this memorable morning, spend some more time exploring volcanic beaches or visit the bustling markets of a nearby fishing village.

Day 7 Volcanic Wall Diving

Commence with an early morning wall dive on Lapu volcano, as the yacht moves towards the Penama archipelago. Housing beautiful beaches and many known dive sites, most of these islands are inhabited by descendants of the proud seafaring Bugis people.
