Lunar New Year 2026  
Year of the Horse

Sugeng Rawuh,

In Java, the celebration of Imlek, or Lunar New Year, is a tradition that reflects the rich cultural mosaic of the region. This celebration is a testament to the longstanding influence of Chinese culture, which began centuries ago when powerful trade and cultural exchanges occurred between Chinese merchants and Javanese royalty. The impact of this heritage can be seen in various aspects of Javanese life, including art, music, cuisine, architecture and religious practices, creating a vibrant blend of traditions that continue to thrive today. Here at Amanjiwo our Lunar New Year programme celebrates this timeless heritage, through activities, dining experiences and wellness rituals that showcase our cherished local culture.

We look forward to spending this special time of year with you.
