

# AMANYARA

24 - 26 November 2021  
AMANYARA LEGENDS PROGRAM  
Bob Bryan in Residence

The Amanyara Legends program continues its series of clinics with icons in the world of sports. Following on from the success of clinics earlier this year led by professional tennis stars Maria Sharapova and Leylah Fernandez, this November will see Bob Bryan return to Amanyara to share his talent on the court, with a series of tennis clinics to help guests improve their skills.

Retired tennis champion, Bob Bryan, along with his twin brother Mike, are the most successful tennis duo of all time, having won several Olympic medals and the most professional games and tournaments in history. Bob Bryan will be in residence at Amanyara working with beginners and seasoned players to improve their tennis game. The one hour clinics will be held over three days and will include an intimate cocktail reception on the last day.
