Your Amanpuri Family

Supporting the Local Community

Aman properties around the world are an integral part of the communities in which they are set, and all of our team members and their families are a part of the wider Aman family. This provides unique insight into the needs of each community, and Amanpuri is no exception. At this time of year, when reflection and counting one's blessings go hand in hand with reaching out to those less fortunate, we are pleased to be able to share our local initiatives.

Kalim Elephant Care Centre

Since January 2021, the resort has partnered with the Kalim Elephant Care Centre which looks after rescued elephants from the logging and tourism industries. To help fund the centre, Amanpuri now donates trimmed palm leaves to be used as feed for the elephants. Guests are invited to donate to the centre to help this worthwhile cause.

Oceans for All

With care for the environment at the heart of the property, Amanpuri has extended its support to the Phuket-based Oceans for All foundation as it unveils a photobook, in tribute to the marvellous marine life in the Kingdom of Thailand. At the Eco-Beach Discovery Centre, guests can also purchase large prints of stunning underwater photography with profits from the sale of the prints donated to the foundation.
