
Fifth Avenue Junior Suite

Aman New York's Junior Suites are the largest entry-level rooms in the city, offering total privacy and 775 square feet (72 square meters) of space. Perched above fifth Avenue, large windows and a fireplace provide well-lit areas with a residential feel, king-sized or twin beds, and an oversized soaking bath provides a space for relaxation and rejuvenation. In a nod to traditional Japanese residences, materials such as delicate washi paper are used alongside clean, modern lines creating a tranquil base from which to explore New York City.
