Four and a half degrees south of the Equator, the seven volcanic islands of the Banda archipelago were, for centuries, the world's only source of nutmeg, earning their nickname – the Spice Islands.

Each tropical paradise is covered in dense forests, and the water surrounding the islands is teeming with sea life, ensuring unbeatable diving and fishing. ### When to go

October to November

### Getting there

A direct flight from Jakarta to Ambon takes about three and a half hours (note that there is a two-hour time difference). Alternatively, it's about an hour and a half from Denpasar to Makassar and then an hour and 40 minutes to Ambon. The transfer from the airport to the jetty is about one hour and then it's a few minutes in the tender to the boat.

## Spice Islands

### Sample Itinerary

#### Day 1

Board Amandira in Ambon, then have lunch as the boat sails for Banda, spotting dolphins and sperm whales along their migration route.

#### Day 2

See Gunung Api in the dawn light, as you arrive at your first Spice Island, Ai. This small island is surrounded by pristine coral reef, perfect for diving or snorkelling; the small village is home to a Dutch storehouse from the 1600s, and the nutmeg plantation has trees over 100 years old. After pausing for some locally brewed ginger tea on the beach, as the sun sets, head to Banda Neira for anchorage overnight.

#### Day 3

Wake to the sound of birds living on the slopes of Gunung Api, then after breakfast, spend a day marvelling at magnificent ocean panoramas and snorkelling at Run Island. So keen to control these rare nutmeg plantations, the Dutch traded the island of Manhattan in exchange for Run in 1674. Later, inspect Malaki islet, once home to an English fort. Anchor overnight at Banda Neira.

#### Day 4

Hike Gunung Api for a once-in-a-lifetime lookout over the Banda Islands. The view of the sulphur clouds escaping from this active 666-meter volcano is a staggering sight. A tour of the impressive colonial architecture includes a visit to Fort Belgica, its historic church and governor's house, as well as a trip to Fort Nassau and the local market by trishaw. Pick up fresh nutmeg, sun-dried cinnamon quills, and local spice delicacies. The day ends with a candlelit dinner on the ramparts of Fort Belgica and a music and dance performance.

#### Day 5

It's traditional for longboats to race visiting vessels out of the harbour and leaving Banda Neira you will witness the speed and strength of the local rowers as they keep pace with the Amandira. Sail to Pulau Hatta to snorkel, dive, fish, kayak and paddleboard, followed by guided walks and sunset drinks at Hatta Island. Cruise overnight to the Gorong Islands.

#### Day 6

An early-morning arrival at the small palm-fringed Gorong Islands with pristine white beaches allows a remarkable wall dive where pelagic fish patrol the deep water. Set sail to Raja Ampat after lunch and admire a sunset like no other en route to Misool Island.

#### Day 7

Boo Rock is the next snorkelling wonder - care of a gully called the Windows - alive with soft corals and dazzling fish. Black jacks and dogtooth tuna feed here in the surge; schooling bannerfish bide their time behind sea fans to catch plankton wafting in the current. After lunch on deck, dive one of the most radiant reefs in Raja Ampat - the Four Kings.

#### Day 8

Set off early for Daram, one of Raja Ampat's most vibrant reefs in shades of pink and purple; its cast of characters includes fusiliers, surgeonfish, barracuda and anthias intermingling in the rising and falling tides. Sail into the setting sun for an overnight anchorage in northwest Farondi.

#### Day 9

Visit a pearl farm in Tolomol, then take a quick enlightening dinghy ride through secret caves rife with otherworldly limestone formations and flanked by jungle. Kayak or paddleboard into a cavern, before returning to Amandira. In the afternoon, dive the intriguing depths of Farondi Cave.

As beautiful above water as it is below, the islands are cloaked in exotic flora and fauna such as karst forests of endangered orchids – look up to see sea eagles and the famed birds of paradise. ## Sample Itinerary

### Day 1

Arrive in the small but tidy frontier town of Kaimana. After boarding and meeting the crew, start the journey south while enjoying a restful lunch.

Spend the first afternoon in Triton Bay, where the waters house some of the best and most diverse macro life in Indonesia, with pygmy seahorses, unnamed species of cuttlefish and squid and endless species of nudibranchs.

### Day 2

Awake surrounded by water with just a glimpse of white sand in sight. Board the tender head for the pristine beach where a hearty breakfast is served, shaded by sun-umbrellas and palm trees.

Venture to the day's first dive or snorkelling site before lunch and take advantage of the kayaks and paddleboards all afternoon in this underwater paradise.

### Day 3

Start the day with an early morning dive at one of the many of the vibrant and fishy reefs within Triton Bay. After breakfast, enjoy some down time at the beach until lunch.

Squeeze in another water activity in the afternoon before exploring the nearby lagoons and islets before trekking up to the highest point of view that the area has to offer.

### Day 4

As the sun rises, visit the bagans, large traditional fishing vessels. With some luck, we partake in a once in a lifetime experience, snorkelling with majestic whale sharks.

After a well-earned breakfast, visit the cliffs of Namatota to observe mysterious ancient rock art done by native aboriginals. Enjoy a relaxing afternoon on an exclusive beach, sipping on coconuts from a nearby village.

### Day 5

After breakfast, take a short walk through the traditional village of Adi Island and learn about the local way of life. Once back onboard prepare for a meal like no other as the crew will set-up lunch on a stunning sandbank.

From this private sand island, venture to the best reefs the area has to offer for some afternoon snorkelling or diving before enjoying cocktails and canapes on the top deck while cruising to the next destination.

#### Day 6

After an early morning wall dive on Lapu volcano, venture towards the Penama archipelago. Housing beautiful beaches and many known dive sites, most of these islands are inhabited by descendants of the proud seafaring Bugis people. After a day of water activities, attend a special beach barbecue with all the hallmarks of Aman's service.

#### Day 7

Enjoy breakfast on board in the Kaimana harbour before heartfelt goodbyes, disembarkation and travel to the airport.

#### Diving

- Triton Bay is also home to some very interesting macro diving, including flasher wrasse and pygmy seahorses.
- Triton Bay is even a hotspot for whale sharks and is also great for spotting wobbegong and walking sharks.
- Triton Bay's dive sites offer the chance for divers to explore a huge range of landscapes including cascades of boulders, current swept islands, dramatic overhangs and caverns, and sheltered bays.
- The region is also renowned for beautiful carpets of colourful soft corals and huge black coral bushes. It's safe to say, the huge range of underwater scenery mirrors the incredible biodiversity that can be found here.
