AMANYARA LEGENDS PROGRAM

Third Annual NFL Football Clinics with Vonn Bell and Cameron Sutton

The Amanyara Legends program continues its series with icons in the world of sports. Following on from the success of clinics led by professional football players Demarcus Lawrence of the Dallas Cowboys and Cody Barton of the Seattle Seahawks, this summer will see superstar NFL players Vonn Bell, safety for the Carolina Panthers, and Cameron Sutton, corner back for the Detroit Lions, in residence at Amanyara. Vonn and Cameron are rising stars in the NFL, both committed to giving back to communities and encouraging children to live their dreams. Over the course of three days at Amanyara they will host clinics as well as pre-game refreshments taking full advantage of Amanyara's superb sports facilities. These include a full-size football field and a state-of-the-art Clubhouse. Clinic attendees will also be invited to join the Pro-Player Cocktail Reception on July 2nd.
