Wellness at Amanruya

A scenic 30-minute drive from the bustling town of Bodrum, Amanruya rests in spacious seclusion on 60 acres of forested hillside, overlooking its own private bay – a rare privilege on the Bodrum Peninsula. With flourishing pine forests, olive groves, the sound of cicadas and the crystal-clear waters of Bodrum Bay as its setting, Amanruya fulfills the promise of its name ‘peaceful dream’, providing guests with a serene retreat for a moment of peace surrounded by natural beauty.

The perfect complement to its natural setting, Amanruya has the intimate and tranquil ambience of an Ottoman village. At the heart of the resort, Amanruya’s Spa is an intimate sanctuary dedicated to holistic wellness, offering an extensive spa menu inspired by traditional Turkish wellness practices. This includes a range of healing and relaxing massages and facial cleansing treatments, offered in two serene treatment suites or, if requested, in the comfort of one's own Pavilion.

The Fitness Studio is equipped with cardio and resistance training equipment, and personal trainers are available to guide workouts. Private yoga sessions can be arranged in the Yoga Studio or outdoors overlooking the sea. Tennis equipment is also available and playing partners and lessons can be arranged.

The perfect way to end any treatment or fitness session, the resort's 50-metre infinity pool is just moments away. Beautifully crafted from green and turquoise marble sourced from Antalya, it merges into the shimmering azure waters of the Aegean Sea that lies just beyond, giving guests the illusion that they are swimming straight from the pool into the warmth of the open waters.

Aman Signature Treatments

Aman's line of all-natural skincare products draws on the knowledge and wisdom of ancient wellness traditions while harnessing the power of nature. Rare and precious ingredients used include pearls, homeopathic metals, healing tree oils, amethyst, jade, frankincense, and palo santo, as well as alkalizing, oxygen-rich spring water, wild-harvested Amazon butter and rainforest muds.

Consisting of smoked body balms, fragrant dew mists, liquid body oils, invigorating body polishes, anti-aging serums and more, the range is made from organic ingredients sourced from around the world for their purity and potency, and their link to Aman destinations.

Working holistically to nurture and enhance overall well-being, each product penetrates deep into the skin to nourish and rejuvenate, but also works on a deeper level, meeting emotional as well as physical need states.

Grouped into three unique formations that reflect three healing pathways back to wellness – Grounding, Purifying, and Nourishing – the products contain ingredients with molecular vibrational energy that work in sequence with the human body to promote change and return to equilibrium. The physical benefits of each product are completely aligned with its ability to address the emotional imbalance, together offering a holistic fine-tuning with tangible, long-lasting results.
