

A photograph of a two-story villa with a thatched roof, a swimming pool, and lounge chairs under umbrellas. The villa has a light-colored facade and a balcony with a wooden railing. The pool is in the foreground, and there are lounge chairs and white umbrellas on the pool deck. The sky is blue with some clouds, and there are trees and bushes around the villa.

General Manager

The Aman Villas Experience

Nowhere better from which to discover this fascinating island.

The Balinese believe in the philosophy of tri hita karana, which teaches that maintaining harmony and balance between spirit, community and nature are the three steps to true happiness. At Aman Villas Nusa Dua, we are inspired by this philosophy in all that we do, promising a guest experience that exceeds every expectation.

Please don't hesitate to share your specific interests so that we can tailor an unforgettable stay.

24-Hour Butler Service

Your dedicated butler will ensure your every need is met during your stay. Please do not hesitate to contact him or her to assist with whatever you need – whether a restaurant recommendation and booking or a bespoke excursion off the beaten track. Find your butler's card next to your villa telephone.

24-Hour Dining

Our kitchen is open 24 hours a day and meals can be enjoyed at your leisure in the location of your choice – in your villa suite, the dining bale, main pavilion, poolside or on the beach.

Sunrise breakfasts, picnics and sunset barbecues are easily arranged, as are unique dining experiences to celebrate special occasions. Just let us know and we will pull out all the stops.

Villa Facilities

Every Villa offers its own:

- Main Pavilion, with dining and lounging areas
- Library, with media centre
- Private Pool
- Dining Bale

Should you have any questions regarding the facilities available to you, please do not hesitate to reach out to your Butler.

In-Villa Entertainment

In-villa entertainment ranges from in-suite TVs to libraries, which boast their own private media centres. We also offer poolside movie nights with large screens set up beneath the stars. Choose your movie, then sit back with popcorn, drinks and other snacks of your choice to watch the latest blockbuster or a silver-screen classic.

Getting around

A car and driver are available to you throughout your stay should you wish to venture out and discover more of Bali. Please inform your Butler should you wish to book a car, and he or she will be happy to make the arrangements.

Cultural Insight

There is no limit to the opportunities available for getting up close and personal with Bali's remarkable culture.

'The Island of the Gods', 'The Morning of the World', 'The Last Paradise' and 'The Land of Magic', Bali is known by many complimentary names and for good reason. Aman Villas offers a range of bespoke experiences revealing Bali's rich spiritual and cultural heritage.

Pura Geger Private Blessing

Pura Geger is a sacred temple serving local families that is rarely open to tourists. As part of our Aman Villas family, you and yours can enjoy exclusive access to the temple for a private blessing - a moving and deeply meaningful experience offering insight into the all-encompassing spirituality of the Balinese.

Performed by a local Hindu priest, the Hindu prayers that form the blessing ask for hope, physical strength and determination, ensuring the blessed can face all life's challenges with happiness and fortitude. After being blessed with tirta (holy water) and bija (consecrated rice), a yarn bracelet will be tied around your wrist, to be worn as long as you desire.

Choose to visit the temple in our vintage VW convertible for a truly unique experience.

Aksara Bali

The Balinese script, known as Aksara Bali, is an abugida - a type of writing system whose basic characters denote consonants followed by a particular vowel, with diacritics denoting other vowels. It is used for writing the Balinese language and the liturgical language of Sanskrit. Considered the most elaborate and ornate amongst the Brahmic scripts of Southeast Asia, it plays an important role in many of the island's traditional ceremonies, appearing in religious texts on lontar or palm-leaf manuscripts.

Our younger guests can join the Balinese students from Basa Bali as they learn to write this script, helping to preserve this special part of Bali's unique heritage.

Sacred Temple Tour

To experience the true essence of Bali, we have curated a fascinating tour of four temples tracing the steps of Dang Hyang Nirartha, a Javanese high priest who came to the island in 1537 in search of a sacred site where he could achieve enlightenment.

Since his time, religious devotion is still as much a part of daily life in Bali as eating, sleeping and breathing. Delicate floral offerings are placed each morning at dainty spirit houses, regular festivals and processions fill the streets with colour and beautiful Balinese Hindu temples known as pura dot the island. The four you will visit on this personalised tour include Pura Goa Gong, Pura Geger, Pura Gunung Payung and Bali's most famous temple, Pura Luhur Uluwatu, all within a one-hour drive of Aman Villas. Each temple has its own unique history and legends, as well as photogenic Candi Bentar gateways, holy caves and breathtaking views from lofty terraces.

Balinese Cooking Class

Learn the secrets of Indonesian cuisine in this hands-on cooking class with our talented Balinese sous chef. After choosing your own fresh ingredients in the heart of a local market, you will be guided step-by-step in the preparation of a multi-course Indonesian meal. Recipes have been passed down through the generations and remain uncorrupted by modern additives, ensuring a freshness of flavour unique to this historic region.

Once your meal is complete, savour the fruits of your labour beside the Villa pool or in your own private dining bale.

Culinary Indulgences

The finest cuisine is transportive and revelatory, taking you on a sensory journey that reveals the secrets of a destination and its culinary legacy without requiring a single step.

At Aman Villas at Nusa Dua, every mouthful – both Indonesian and international – is curated to your requirements by your private chef and served wherever you choose by two personal Butlers.

Fresh seafood from the surrounding waters features in the daily specials, and the fertile farms and terraced gardens of the island grow much of the produce used in the kitchen. Dining spots include the dining area in each Villa's main pavilion, pool terraces, garden-ensconced dining bales and of course, the privacy of your own room. Private breakfasts and special dinners can be enjoyed at the Beach Club.

With market ingredients and fresh seafood sourced daily, every meal – whether a beach BBQ, a candlelit dinner in the garden, or a cooking class culminating in a traditional Balinese feast – adds further layers of flavour and colour to your experience of this special place.

Megibung Feast

Indulge in the Megibung Feast, with a menu inspired by the late King of Karangasem - I Gusti Agung Ketut Karangasem - in 1692. Megibung means 'to share from one platter' and this type of dining is commonly used for festive and ceremonial occasions.

Our Megibung starts with a Balinese soup, followed by a platter of Balinese dishes that surround a nasi tumpeng, which is a cone of rice representing Mt. Agung, where the Hindu mother temple of Besakih is located. The Balinese dishes include a two-hour slow-roasted Balinese chicken in palm bark, local fish wrapped and cooked in banana leaf, tuna, fish satay and authentic Balinese salads celebrating the quality and abundance of fresh ingredients that the island provides. The Megibung Feast is followed by a selection of local Balinese sweets.

Poolside Candlelit Dinner

Dine by candlelight beside your Villa's pool, with a multi-course menu specially curated by your private Chef. The warm candlelit setting creates an ideal atmosphere to celebrate a birthday or special occasion.

Movie Night

Available on request, transform the outdoor area of your Villa into a private cinema surrounding the pool and spend a memorable evening seated under the stars with an exclusive Villa Movie Night. A projector screen, the projector, a sound speaker and Chromecast will be set up. Then gather your loved ones and choose from Chromecast's collection of family favourites, classics and blockbuster movies. Settle back on comfy cushions beneath the stars and watch the movie of your choice with popcorn and other treats from the in-room Villa a la carte menu. In case of bad weather, your Villa's main pavilion provides a cosy indoor alternative.

Seafood Market Barbecue

A tailor-made menu and live cooking showcase the fresh and locally sourced ingredients of this dining experience. Choose items such as live lobster from Sumbawa, grouper from Mancar, live mud crab from Sumatra, prawns from Pasuruan, tuna from Singaraja, barramundi from Papua and snapper from Karangasem to be prepared to your liking and cooked over a traditional coconut husk barbecue.

Dining Out

Bali offers nearly every type of cuisine you could wish for, from delicious home-cooked local food to a French gastronomic feast. Please ask your Butler for a more extensive choice of warungs, restaurants, clubs and bars; we will be happy to make the necessary reservations and organise your transport.

Spa and Wellness

Our wonderful Spa therapists specialize in massages, body treatments, facials, manicures and pedicures.

Extensive experience and quiet dispositions mean that an hour or two with our Spa Therapist will leave you completely relaxed and invigorated. Treatments can be enjoyed in your private suite, poolside or in The Library.

Massage

Drawing on traditional Balinese therapies, we incorporate several different massage techniques that focus on easing tension and stimulating circulation. Deep thumb pressure, known locally as 'urut', is combined with acupressure and palm pressure methods to activate and soothe the body from head to toe.

Private Yoga

Book a private session with our Balinese yoga teacher, who teaches all levels of Hatha Yoga, or with our local community yoga teacher, a specialist in Ashtanga Yoga. Both are very knowledgeable about the Balinese Hindu religion should you have any questions.

Arts, Crafts, Galleries and Museums

Many of our guests are patrons of the arts, avid collectors or artists themselves. With the insider access Aman Villas can provide on this art-rich island, they may well have found their Nirvana.

Painting

Spend a few hours or even a full day with the local artist I Made Somadita in the comfort of your villa, exploring your creativity while learning to paint using traditional Balinese art techniques. This almost meditative experience is deeply relaxing and is accompanied by homemade light bites and refreshments.

Textile Drapery

Learn more about Bali's cultural heritage from the perspective of fashion with a demonstration on how to wear traditional woven textiles without any tailoring. The session will conclude with a photo shoot.

Silk Painting

Silk painting is a centuries-old technique that has been passed down and perfected throughout many generations of Balinese artists. Create your own silk painting during a one-on-one workshop with a renowned silk painter from Ubud.

It is not surprising that artists have been drawn to Bali over the centuries, as its natural beauty and spiritual essence would inspire creativity in even the least artistic of souls. Galleries and museums are dotted all over the island, and personalised tours can be arranged according to your interests.

Jenggala Gallery, Jimbaran

Jenggala Keramik began in 1976 as a small experimental cottage industry in Sanur, as a collaboration between the late New Zealand designer-potter Brent Hesselyn, the late Indonesian hotelier Wija Waworuntu and his daughter Ade. Today, Jenggala Gallery is an exhibition area promoting Indonesian and international artists.

Jl. Uluwatu II, Jimbaran

Museum of Bali, Denpasar

Built by architect P.J. Moojen in 1931, the building that houses the museum combines palace architecture with the style of Balinese temples, after the original building was destroyed in an earthquake in 1917. The museum was founded by Yayasan Bali Museum in 1932 and displays items dating back to prehistoric times; weavings, woodcarvings and paintings are also on display.

Jl. Letkol Wisnu, Denpasar

Open daily from 8.00 am to 3.00 pm,
except for Mondays

Pasifika Art Museum, Nusa Dua

This world-renowned museum founded in 2006 features an outstanding art collection of over 600 works by 200 local and international artists who have been inspired by the natural beauty and culture of the Pacific Region. Each of the 11 rooms is dedicated to a specific region or group of artists, taking guests on a visual journey through Indonesia, Indochina, Polynesia, Melanesia and China.

Antonio Blanco Renaissance Museum, Ubud

Just over an hour's drive from Aman Villas (and 10 minutes by car from Amandari), this palatial residence and gallery is perched on a hill overlooking the Campuhan River. It is named for the art maestro whose lifelong vision was to turn his studio into a museum. He passed away prior to its inauguration, but his son, Mario, who has followed in his footsteps, opened the museum to house both Antonio's and Mario's artworks in an impressive open-plan studio setting. Combine a visit with lunch at Amandari.

Jl. Raya Campuhan, Ubud
Phone: +62 361 975502

Neka Art Museum, Ubud

A favourite amongst artists, anthropologists and art historians, Ubud's Neka Art Museum exhibits fine arts that range from the Kamasan period of the 16th century through to contemporary paintings of the modern era. The collection is displayed chronologically and clearly demonstrates the historical development of Balinese fine arts.

Jl. Raya Campuhan

Open daily from 08.00 am to 05.00 pm
except for holidays

Agung Rai Museum of Art (ARMA), Ubud

Boasting spectacular views over Ubud as well as a hotel, restaurant, coffee shop and library, ARMA is a gallery-style 'living' museum with a stage for karawitan performing arts (the Balinese and Javan music and singing associated with gamelan playing). Situated amid rice fields and terraces, ARMA is close to the Antonio Blanco Renaissance Museum and just 10-minutes by car from Amandari.

Jl. Bima Pengosekan, Ubud
Phone: +62 361 974228

Rudana Fine Arts Gallery, Ubud

Established in Ubud in 1995 with the aim of re-generating the general public's appreciation of art, Rudana features an excellent collection of fine arts from around Indonesia, including works by artists such as I Gusti Nyoman Lempad, Affandi, Supono and Antonio Blanco. The gallery provides a stunning visual narrative of the social history of Indonesia.

Peliatan, Teges, Ubud

Beyond Nusa Dua

A myriad of opportunities allows guests to explore the regency beyond the resort, from cycle rides over Nusa Dua's rolling hills to exploring the rocky cliffs of Uluwatu. We recommend doing outdoor activities in the morning, as the afternoons can get very warm.

Adventures

Cycling

There is no better way to explore than on two wheels, as you can cover a significant amount of ground while remaining open to the sights and sounds of the landscapes around you. Cycle down to the Beach Club from your Villa and discover its long boardwalk that makes for pleasant cycling (and walks) accompanied by soothing seascapes. Or let your butler arrange a cycle tour of the peninsula. We offer fully suspended mountain bikes and guided or self-guided routes to suit all levels of fitness.

White Water Rafting

An exhilarating full-day rafting excursion and a memorable glimpse into Balinese river life can be experienced on various rivers of all grades. Excursions include refreshments, snacks, lunch, transfers and insurance.

Helicopter Tours

Bali Circle Air Tour

Nusa Dua – Kintamani – Ubud – Tanah Lot

Enjoy an exhilarating 60-minute helicopter ride with spectacular views of Bali's most iconic sights. After ascending, head north towards Kintamani, passing the classic Sanur Beach area, and enjoy a superb view of Lake Batur and the summit of Mount Batur. Continue towards Ubud, passing Tampak Siring, taking in breathtaking panoramas of the sculptured rice terraces known as 'terasering' and the lush river valleys. The ride continues towards Tanah Lot to observe the legendary sea temple from the air. End by flying over the Seminyak and Kuta coastline before returning to Nusa Dua.

Nusa Islands Sky Tour

Nusa Penida – Nusa Lembongan – Nusa Ceningan

Take to the sky for the most incredible views of the nearby Nusa Islands. Your tour will include Nusa Penida and the iconic cliffs that form the shape of a T-Rex lapped by turquoise seas at Kelingking Beach. Fly home via the white sandy beaches of Nusa Lembongan that overlook the yellow bridge of Nusa Ceningan.

Tailormade Tours

Seeing Bali from the air is an unforgettable experience and our team is always available to help you create exclusive, personally tailored travel itineraries by helicopter (or any other form of transport). Helicopter tours are subject to weather conditions and usually take place from 12 noon onwards.

Golf

The golf courses in Bali are as diverse as the island itself and all are within relatively easy reach of Aman Villas.

Bali National Golf Club

After a superb re-design by Nelson & Haworth golf course architects, the stunning Bali National Golf Club is located directly adjacent to Aman Villas. This championship course offers a truly unique golfing experience, which is both challenging and enjoyable to players of all levels.

The par 72 tournament-standard golf course measures 7,166 yards from the back tees and starts on the outward nine playing up through verdant green, rolling hills and tropical fauna. The fourth hole, a deceptive uphill 158-yard par-3, ends on the green with rewarding views of Bali's holy mountain, Gunung Agung. Hole 8, a par 4, requires an accurate tee shot through a wooded ravine. Water features heavily on the way to the 9th green with a babbling brook running the length of the fairway and a picturesque lake to the right of the green, home to a wonderful variety of birds. The inward nine plays on level land through coconut trees and a series of man-made lakes. Hole 17, a signature hole, is Bali's answer to the famous TPCC Sawgrass #17, in Florida.

New Kuta Golf

On the southwestern rim of the Bukit Peninsula, perched above a limestone cliff overlooking Dreamland and Balangan beaches, this scenic 18-hole course is located 30 minutes drive from Aman Villas.

New Kuta Golf is a championship standard course and the first links-style layout in Indonesia. It will challenge both the low handicapper and reward the novice. With five sets of tees, there is enough variety to ensure a satisfying experience for all skill levels.

Bukit Pandawa Golf and Country Club

Bukit Pandawa Golf and Country Club is the first golf course of its kind in Bali, if not in all of Southeast Asia, with 18 championship-calibre par-3 holes. While the par-54 layout is a time-saver, with a typical round lasting just 120 minutes, it is not short on its challenges.

Set across a limestone cliff top as it meanders through dramatic rock outcroppings and terraced rice paddy fields, the course in itself is an artistic statement, with the spectacular white sandy beach and the Indian Ocean as its backdrop.

The Beach Club

A 10-minute drive away on a picture-perfect, golden stretch of sand.

Enjoying Nusa Dua's Beach

Our private Beach Club offers ample opportunities for exploring Bali's turquoise waters. Here you can relax in a private beach bale, play beach bats, snorkel the pristine reef offshore and dine on the freshest seafood as night falls and a local troupe performs one of Bali's traditional dances.

The watersports team is always on hand to assist with the variety of watersports equipment at guests' disposal. We can also arrange surfing tours along the southern coast of Nusa Dua and a variety of craft can be chartered to visit nearby islands.

Special Dining Options

Fresh seafood from the surrounding waters comprise the Beach Club's daily specials, and the fertile farms and terraced gardens of the island grow much of the produce used in the kitchen. Whether a romantic, torch-lit dinner for two or a group celebration, the gentle sea breeze, and lapping waves create a magical atmosphere.

Private Barbecue

Personalise your menu with our chef to suit your taste buds. From group and family dining to the celebration of special occasions, the menu will always showcase fresh, seasonal and hand-picked ingredients from our suppliers and local markets.

Sunrise Breakfast at the Beach Club

Early risers eager to experience the 'Morning of the World' and greet the day will be in for a memorable morning at our Beach Club. With a picnic basket breakfast (Champagne optional) and just you and your loved ones, watch the sunrise from the horizon and cast its first light over the white sand of Nusa Dua Beach.

Wear your swimsuit to be ready for a refreshing morning dip, or enjoy the experience from the comfort of our beach loungers. Guests are welcome to stay through the morning or make their way back for exploration (or relaxation) following breakfast.

Surfing

Aman Villas is delighted to introduce surfing experiences for our guests, in association with East Bali Surf & Sail (EBSS).

This truly authentic and uniquely Balinese experience is for all levels of surfers, from beginners to advanced, with accomplished Balinese surf guides from East Bali Surf & Sail accompanying you on your surfing adventure.

Sanur Surf breaks

For beginners, the Sanur Reef headquarters of the East Bali Surf & Sail is the ideal spot to learn from scratch or sharpen your skills if you are a little rusty.

For the intermediate and more advanced surfers, the surf guides, who are pioneers of the East Bali breaks, will tailor-make an unforgettable experience and take you to the most hidden and uncrowded surf breaks in East Bali.

Hyatt Reef

A few kilometres south of Sanur Reef is the Hyatt Reef, the home base of EBSS. Here, we take beginners out on the boat to the baby reef and get them standing on their boards generally in knee- to waist-high white water.

For the intermediate to advanced surfers, we go across the reef to where the bigger waves are suitable for fit intermediate and advanced surfers only.

Booties are optional.

Sanur Baby

300 metres north of the Bali Beach Hotel, in front of Matahari Terbit Beach, is a gentle beach break we call 'Sanur Baby,' which is suitable for beginners.

Booties are optional.

Sanur Reef

This famous right-hander is one of the best waves in Bali when it breaks overhead. Recommended for intermediate and advanced surfers only, as it breaks over sharp coral.

Used by locals, this is a territorial break, and guests are required to be accompanied by our local guides to have a memorable session.

Booties are optional.

South Bali Surf Breaks

Bingin

Bingin's hollow, fast barrel is addictive for experienced surfers who know how to handle it. However, expect competition from every visitor and local for all the barrels they can score for the day. You should also watch out for the 'stop-sign,' the raised coral that has prematurely ended many a great surfing vacation for visiting surfers.

Take Bingin for what it is, a short left-hand wave that can cost you if you try to get more out of it than you deserve!

Uluwatu

Uluwatu has been attracting surfers since the seventies. Uluwatu's five breaks offer surfers consistent swells with multiple chances to show off their skills. Not surprisingly, the place has grown quite crowded over the years.

Uluwatu provides the most exhilarating challenge during monsoon season when the biggest swells hit the island. The temptation of taking on those 15-foot waves should be tempered by knowledge of the dangerous conditions – don't leave shore without a big board and a sturdy leash.

Nusa Dua

Newbies be warned: Nusa Dua's shallow, sharp reef bottom and powerful, huge right-hand waves should be left to the experts. Nusa Dua is always ready with a wave on hand, including some of the biggest in town – at about 15 feet on a good day.

Nusa Dua is Bali's best rainy season surfing destination, peaking between October and April, with good access throughout the year.

Padang-Padang

The 'Bali Pipeline's' surprising ferocity keeps professional surfers on their toes with huge swells and gigantic barrels that are about as fun to watch as they are to surf.

The downside: a wipeout here is more painful than most, as the sharp reef bottom and powerful swells create board-breaking, flesh-shredding situations that no one should attempt at low tide. Avoid if you're a beginner, take precautions if you're an expert.

Balangan

Balangan at high tide is great for beginners, who can easily ride this reef break's long left-hand waves. On really good days, the big waves provide an irresistible challenge for expert surfers.

The vibe at Balangan is friendly and low-key, with less competition due to the smaller crowds compared to Kuta and Uluwatu.

Children and Family

Aman Villas at Nusa Dua is ideal for families, with activities to suit all ages. Most include references to Balinese culture and craftsmanship, adding an immersive educational aspect.

Kids' Movies

Everyone needs a break from the heat sometimes. Kids' movies and children's TV channels are available on your Library TV. Should you require assistance, do not hesitate to contact your Butler.

Swimming with a Pro

Whether your kids are still learning to swim or would like to improve their strokes while having a whole lot of fun, we can arrange professional swimming instructors to teach and entertain your kids in your villa's own swimming pool. Your little ones will have the time of their lives while you can relax and enjoy some adult downtime.

Waterbom Park

Spanning 3.8 hectares and offering world-class water rides (rated mellow, moderate and extreme) in a lush jungle setting, Waterbom Bali is located just a 30-minute drive from Aman Villas. Providing hours of fun for kids and adults alike, the park boasts multiple watery worlds including the Funtastic kiddies play area, the Lazy River, the Flow Rider standing wave, Euro Bungy for sky-high adventure and The Climax, Asia's steepest water slide (definitely for those seeking 'extreme' excitement!)

Babysitting

Babysitting is available at an additional charge. Please discuss your requirements with your Butler.

Making Balinese Offerings

Aman Villas staff will demonstrate how to make a simple Balinese floral offering, known as 'canang sari', from local flowers and young coconut leaves. These beautiful, fragrant offerings are used by Hindus during their daily prayers in their homes or temples.

Private Balinese Dance Class

Fun for the whole family, this class can be tailored to suit children, adults or a combination of both. A professional dance teacher from our neighbourhood will gently guide participants to learn the swaying movements of Balinese dance, as well as the basic sitting and standing positions known as 'Agem', eye and head movements and fan techniques.

Canvas Painting / Tote Bag Painting Class

An excellent activity for fostering creative expression, this painting class will include step-by-step instruction to ensure younger participants create something they are truly proud of. As well as sketching techniques, our instructor will share tips on colouring using acrylic paints.

Air-Dry Clay Workshop

This hands-on workshop using firm, non-toxic clay in a range of hues is sure to spark children's innate creativity, allowing them to give shape to their imaginations and create colourful masterpieces.

Refunds are not applicable for cancellations made within 24 hours prior to the activity.

For further information or reservations for any of the above activities, please contact our Concierge & Pre-arrival Team at indonesia.res@aman.com. We will be delighted to assist you.

From all of us at Amandari, we wish you a happy and peaceful stay with us.

Best wishes,

Your Aman Villas Family
