

Our Caviar Selection

Aman & Volzhenka Caviar

Volzhenka brings you the wild taste of caviar.

It's the world's most exquisite caviar, produced in a sustainable way with artisanal care and excellence from farm to table. And that's what differs us from other international brands. Because they are market-leader in sustainable practices and cruelty-free principles developed through decades of research, they guarantee the unparalleled purity of chemical-free caviar.

All sturgeon are pure-bred, their DNA direct from their wild Caspian Sea ancestors, and their European farms replicate their natural habitat as closely as possible – spring water, only freshly caught food and no cross-breeding. That's why their minimal-intervention approach truly allows you to experience the wild taste of caviar.

Served with his classics accompaniments.
