Aman Spa at Amangiri

Our Philosophy & Environment

Wellness is more than being free from illness, it is a dynamic process of change and growth, a state of complete physical, mental and social wellbeing. Aman's spa concept has been carefully curated with four pillars of wellness in mind – nutrition, movement, psychological health and bodywork – with the singular goal of achieving this ideal balance of Integrated Holistic Wellness for every guest. Treating the whole – mind, body and spirit – by integrating ancient healing modalities with the best of modern science, Aman strives to provide guidance, support and knowledge in a journey that extends beyond the physical boundaries of the globe's Aman Spas. Our aim is for guests to leave empowered and renewed, with the tools to continue their wellness journey, and the resilience and focus to put them into action.

At Amangiri, the landscape itself inspires wonder and awe. The expansive high desert, the scale of the mesas and buttes and the vast sky above widen one's peripheral vision, inspiring a sense of peace and encouraging opening within. Attention to sensations and the present moment becomes a portal into enriching, deeper appreciation and awareness. Ranging from mindfulness walks, butte-top yoga and wild outdoor wellness experiences to aquatic fitness and holistic therapies, Amangiri's spa activities aim to strengthen and support this natural connection and the positive changes it can bring about.

Earth's Apothecary

Aman's line of all-natural skincare products draws on the knowledge and wisdom of ancient wellness traditions while harnessing the power of nature. Rare and precious ingredients used include pearls, homeopathic metals, healing tree oils, amethyst, jade, frankincense and palo santo, as well as alkalizing, oxygen-rich spring water, wild-harvested Amazon butters and rainforest muds.

Consisting of smoked body balms, fragrant dew mists, liquid body oils, invigorating body polishes, anti-ageing serums and more, the range is made from organic ingredients sourced from around the world for their purity and potency, and their links to Aman destinations.

Working holistically to nurture and enhance overall wellbeing, each product penetrates deep into the skin to nourish and rejuvenate, but also works on a deeper level, meeting emotional as well as physical need states.

Grouped into three unique formations that reflect three healing pathways back to wellness – Grounding, Purifying and Nourishing – the products contain ingredients with a molecular vibrational energy that works in sequence with the human body to promote change and return equilibrium. The physical benefits of each product are completely aligned with its ability to address emotional imbalance, together offering a holistic fine-tuning with tangible, long lasting results.

Amangiri Spa Journeys

Wild Wellness

150 minutes

This two-part journey combines invigorating movement and consummate relaxation.

After a guided warm-up, connect with the desert environment in an extraordinary way with asymmetrical strength and stability exercises on uneven terrain. This organic fusion fitness format integrates yoga, personal training and Pilates to heighten your senses and instincts as you adapt to the irregular rhythms of the landscape. A dynamic cool down prepares you for the next stage of your journey.

To complement your movement experience, a signature rhythmic massage follows, using varying percussion techniques such as rocking and tapping with changing dynamics and post-fitness recovery soothing techniques. This encourages profound relaxation and renewal of the nervous system.

Peaceful Mountain

120 minutes

As the mesas were formed and sculpted by the elements over the eons into the serene landscape seen today, we invoke this gradual transformative process in the therapeutic application of temperature, gravity, movement and pressure.

Start with a guided hot and cold contrast therapy session in the Water Pavilion, transitioning to the Movement Pavilion where you will lay on air-filled massage balls for a short meditation accompanied by singing bowls. Progress to a connective tissue release rolling session, then finish with a Thai yoga massage incorporating electric vibrational myofascial tools and sound therapy.

Massages and Body Treatments

Personalized Massage

60 | 90 minutes

This treatment offers customized pressure and a blend of modalities to suit your needs, whether therapeutic, deep tissue, Swedish, aromatherapy or prenatal. Experience this massage indoors or out as weather permits.

Thai Massage

60 | 90 minutes

Following tradition, this massage is enjoyed on a large floor cushion. Comfortable, movement-friendly clothing is provided. Bodywork techniques of passive stretching, compression and acupressure increase range of motion and coax the body into relaxation. Great for loosening up after activity and getting a great night's sleep.

Percussion & Cryo-Roller Therapy

60 minutes

Experience the benefits of electric massage tools in the expert hands of a massage therapist. Technology, a soothing cool roller ball and intuitive touch combine to deliver relaxing, recharging and tension-relieving results.

Sound Bowl Experience

30 | 60 minutes

Waves of sound wash over you in this session of deep listening to vibrational singing bowls to promote relaxation, well-being and a euphoric sense of expansion.

Utah Salt & Clay Treatment

75 minutes

Using Utah ancient sea salt and bentonite desert clay rich in trace minerals, this exfoliation and wrap will cleanse and activate your skin's natural self-renewal processes. Choose between turquoise sage mountain arnica and prickly pear pomegranate lotions for the hydrating finishing touch.

Shirodhara with Hand & Foot Paraffin Treatment

60 minutes

Hands and feet are exfoliated with your choice of our signature Aman Skincare Scrub Soaks before being wrapped in warm paraffin. As you wait for the softening effects of this soothing hand and foot treatment, experience the relaxation imbued by Shirodhara. This Ayurvedic treatment involves the pouring of a stream of aromatic oil onto the forehead, followed by a luxurious scalp massage.

Massages and Body Treatments

Reflexology

30 minutes

Reflexology is an ancient therapy. In this treatment, pressure is applied to the soles of the feet, based on targeted reflex points and zones that correspond to organs, glands and systems in the body, promoting overall health and relieving stress.

Warm Stone

60 | 90 minutes

Basalt stones store heat and when placed on the skin can convey it to the deeper layers of muscles to loosen these tissues. Himalayan salt stones contain essential minerals, relax nerves and are emotionally uplifting. In this treatment, these stones are combined with manual massage to create a thoroughly soothing experience.

Aqua Shiatsu

60 minutes

This bodywork therapy is experienced while floating in a warm pool, supported by your therapist who gently manipulates your limbs to perform stretches, massage and gentle gliding movements through the water.

Facial Treatments

Aman Advanced Facial

60 | 90 minutes

A wholly rejuvenating experience incorporating Aman's newest skincare collection, Essential Skin, the exclusive Aman Advanced Facial combines effective formulas made in Japan, with exfoliation and manual lifting techniques to stimulate facial muscles, encouraging tighter, brighter skin. The treatment begins with ultrasonic scrubbing to loosen and remove oil, dirt and cellular debris from the pores, supported by microcurrent stimulation and massage to firm and cryo bulbs to eliminate puffiness. The use of red and blue light therapy follows – a safe, natural way to provide multiple benefits to your skin – before the treatment concludes with the application of the Aman Nourishing Gold Algae Face & Eye Masks to achieve an exceptional glow.

The facial can be extended to 90 minutes in length, incorporating a longer scalp massage for relaxation, a facial massage and a hydra-active Mineral Mask to boost hydration.

Express Facial

30 minutes

This quick but efficient facial focuses on cleansing and hydration to counteract Amangiri's arid climate and the dryness it can cause.

Wellness Meditation & Mindfulness

Set aside distractions, be in the moment and tune in to the power of awareness.

Guided Meditation

30 | 60 minutes

An instructor helps navigate attention to the breath, senses, thoughts and feelings to recognize a connectedness of being.

Breathwork

30 minutes

Breathing exercises and techniques of changing patterns encourage fuller respiration and oxygenation. Use of body focus, intention and visualization access the physiological resources to relax, energize or facilitate other states of awareness. We recommend combining this with a meditation.

Yoga Nidra

60 minutes

This form of meditation is experienced in a reclined position on comfortable cushions. The instructor guides the mind into a place between sleep and wakefulness, which is deeply restful and restorative to wellbeing.

Mindfulness Walk

30 | 60 minutes

Slow down and take in the richness of the moment with this guided walk. The still spaciousness of the vast natural landscape invites you to open and quiet your mind and to be completely present, your senses interacting with the elements.

Silent Session

30 | 60 minutes

A silent retreat does not necessarily require weeks of time commitment. A guided micro-retreat can provide profound peace, calm, gratitude, renewal and much needed disconnection from our devices. Our instructor uses minimal verbal communication to focus attention on intentional sensory input.

ASMR Sensory Wellness

30 minutes

This experience clears the mind, engages the senses and has a calming after-effect. During the session, wellness-oriented guided audio, kinesthetic and visual stimuli focus attention and produce autonomous sensory meridian responses (ASMR).

Dark Exposure

15 | 30 minutes

Being in darkness – but awake rather than asleep – takes us out of the usual context of life in society. This form of sensory deprivation allows for processing and finding balance with what comes up in awareness. A facilitator will provide guidance and intermittent check-ins as needed.

Floating Guided Meditation

60 minutes

Assisted floating in a heated pool. An instructor will gently guide your mind and body to peacefully flow with the currents of consciousness.
