

## Longer Journeys Incentive – 20 Years of Amankora

Enjoy complimentary nights for longer stays at Amankora

In 2004, Amankora marked a historic milestone as the first international resort in Bhutan, establishing itself as a trailblazer in the renowned Buddhist Kingdom. Committed to delivering an unmatched experience in this idyllic destination where happiness is valued above all, Amankora's five lodges around the Land of the Thunder Dragon serve as individual serene sanctuaries meticulously crafted to harmonise with their exceptionally scenic surroundings.

In commemoration of 20 years of the original Aman journeys to Bhutan, Amankora offers a celebration of unique offers to our trade partners and travel community who have been part of our remarkable success in the past two decades – an incentive of more complimentary nights for longer journeys to the kingdom and stays in the five Amankora lodges. Two (2) complimentary nights are offered for stays of seven (7) nights or more and up to four (4) complimentary nights for stays of fourteen (14) nights or more – offering more value and incredible experiences for guests wanting to experience and discover the world's last Himalayan kingdom.
