

New Delhi-Mumbai Expressway

The opening of India's new 1,350-kilometre eight-lane expressway has made travelling to and from Amanbagh and Aman-i-Khás – and across India - faster, smoother and more comfortable. Also known as the Vadodara Expressway, this major roadway linking six states and India's two biggest cities is also the country's longest - featuring rainwater harvesting systems, emergency centers with helipads, rest and dining facilities, charging stations and dedicated lanes for electric vehicles.
