

Ā M A N

AMANGANI

Situated close to some of the USA's finest ski slopes, as well as Grand Teton and Yellowstone National Parks, Amangani (peaceful home) is an all-season resort overlooking the beautiful valley of Jackson Hole. Perched on the crest of East Gros Ventre Butte, the property affords magnificent views of the Grand Tetons and Snake River Valley. Evoking the atmosphere of the American West, Amangani presents 40 Suites, three free-standing Homes, a spa, an outdoor heated pool with Teton views, and a ski lounge.

Location

- Perched on East Gros Ventre Butte
- 2,135m (7,000ft) above sea level
- At the southern end of Jackson Hole across the valley from Teton Pass
- Magnificent views of the Grand Tetons and the Snake River Range
- 10-minute drive from the town of Jackson
- 20-minute drive from Jackson Hole Mountain Resort
- Amangani Ski Lounge situated in Teton Village just below Bridger Gondola

Getting There

- 20-minute drive from Jackson Hole Airport
- Major airlines and commuter services provide regular access to Jackson via Denver, Salt Lake City, Seattle, San Francisco, Phoenix, Chicago, Atlanta, Dallas, Houston, Minneapolis and Los Angeles
- Other airports nearby include Idaho Falls Regional Airport and Salt Lake City
- Private flights are operated by Jackson Hole Flight Services

Complimentary Inclusions

- Custom itinerary planning services
- Complimentary ski shuttle to Jackson Hole Mountain resort and access to Ski Lounge in winter
- Full use of Fitness Centre
- Complimentary Valet Parking

- Equipped with 70-inch TV and built-in projector screen
- Additional AV equipment available

Gallery

- Showcases the region's best art, jewellery and handicrafts
- Books, resort wear and conveniences available for purchase

Activities & Excursions

The natural landscape and national parks around Amangani offer a host of outdoor activities for every season. The local sites and activities mentioned below are just a few of the area's many attractions.

SPRING, SUMMER & AUTUMN

Wildlife

From herds of bison and elk to wolves and bears, the forests and mountains around Jackson Hole provide exceptional wildlife viewing. Amangani offers guided wildlife safaris into the surrounding national parks.

Yellowstone National Park

Yellowstone is home to more geysers (including Old Faithful) than anywhere else on Earth. Black bears, grizzlies and grey wolves are particularly active in spring.

Hot Air Balloon Flights

Hot air balloon flights provide guests with extraordinary views over Jackson Hole and the mountains that ring this beautiful valley.

Horseback Riding

To ride through the mountains and forests on horseback is the archetypal American West experience.

Mountain Biking

Grand Teton National Park offers exceptional mountain biking trails winding through Bridger-Teton National Forest. Full-day excursions into Yellowstone are also available.

Fly Fishing

The Snake River and Green River are renowned for their brown and cutthroat trout. A fly fishing experience with a private guide and drift boat is the best way to see and to fish the river. Half, full or multi-day fishing trips are available with local guides and you may also choose to fish waters in the nearby neighboring states of Idaho and Montana.

Exploring the Rivers

Kayaking offers an idyllic way to watch wildlife on the riverbanks. White-water rafting is available on the Snake River south of Jackson.

WINTER

In the colder months, snow reaches 4m (13.5ft) deep in the mountains and up to 1.5m (5ft) in the valleys, turning Jackson Hole into a winter wonderland. First snowfall is usually mid- to late November, and winter can stretch past early April.

Alpine Skiing and Snowboarding

The Jackson Hole Mountain Resort is the largest ski area in Wyoming, delivering more than 1,000 hectares (2,471 acres) of high-thrill skiing and snowboarding terrain. Amangani's Ski Lounge is situated in the Mountain Resort's vibrant Teton Village at the base of the Bridger Gondola.

Snowcat Powder Skiing

For adventure skiers, snowcats take guests to the thigh-high powder at the summit of Peaked Mountain, a 732m (2,400ft) vertical drop where skiers can expect to experience eight to ten runs a day.

Heli-skiing

Helicopters allow guests to explore the fresh powder around the Snake River, Hoback, Palisades and South Teton Mountain Ranges.

Snow Activities

Guests can journey to an old trapper's cabin in the Sawtooth Mountains by snowmobile, or visit Granite Hot Springs in the Bridger-Teton National Forest. Snowshoeing and cross-country skiing are an exhilarating way of tracking wildlife, while dogsledding and sleigh rides offer much fun while exploring the valley.
