Jackson Hole is located in the southern half of the Greater Yellowstone Ecosystem. This ecosystem is comprised of a huge expanse of mountains, meadows, sage flats, river bottoms, national forests, and wildlife refuges including both Grand Teton and Yellowstone National Parks. We are also located in the middle of the largest contiguous forest in the United States.

In the summer, warm days and cool nights can be expected. Mountain and valley hiking trails wind through a world dressed in wildflowers. Wildlife abounds, including bison, elk, mule deer, moose, pronghorn antelope, grizzly and black bears, coyotes, wolves, bald eagles, and more.

Within this rich and varied ecosystem, activities are limitless. We have compiled a series of excursions that will allow you to explore Jackson Hole and its magical environment. In addition to our Amangani Signature Tours, some of our excursions are offered in conjunction with the most professional outfitters in the area. Most of these activities are offered privately, but many of our vendors offer group trips as well.

For more information on any of the depicted excursions, kindly contact our Guest Manager Team at (307) 734-4870 or by email amanganiactivities@amanresorts.com. We hope you enjoy exploring Jackson Hole!
AMANGANI SIGNATURE TOURS

A trip to Amangani and Jackson Hole would not be complete without experiencing our Signature Tours. At Amangani, we offer in-house guided wildlife safaris, tours of Yellowstone and Grand Teton National Parks, as well as butte-top hikes. These activities are perfect start to an Amangani vacation, learning first-hand about the area while also becoming acclimated to our mountainous environment. The personalised and guided tours are a favorite of our guests and are truly not to be missed, advanced reservations are highly recommended.

A good point to note is that Grand Teton National Park statistically is our nation’s number one National Park for wildlife observation and can be booked as a half-day tour or three-quarter day. Whereas, a Yellowstone National Park tour will constitute a full-day only tour and be teaming with not only an abundance wildlife, but explore vast geological wonders as well.

- Please remember to bring your camera with you.
- Bring an extra layer of clothing in case the weather suddenly changes.

Jackson serves as a great base for short excursions or all day adventures to Grand Teton National park. Visit scenic Jenny Lake and Jackson Lake for amazing views and great hiking. At least one full day should be spent in Yellowstone, the world’s first national park. Sprawling across volcanic plateaus in the northwest corner of Wyoming, Yellowstone contains more than two million acres of crystalline lakes, thundering waterfalls, panoramic vistas and steaming geysers including Old Faithful. Yellowstone. When exploring the park, let our Guest Managers arrange an Amangani wildlife guide to accompany and enhance an already fantastic experience.

- Touring Yellowstone will require a full day. We suggest getting an early morning start and touring the “Lower Loop” of the park.
- If you go on your own, be sure to take some snacks and beverages. We would be happy to arrange a picnic basket for your trip. We can also suggest a number of dining spots in either of the parks.
- Bring extra layers of clothing since weather can change suddenly.

**JACKSON HOLE MOUNTAIN RESORT TRAM** LATE MAY – EARLY OCTOBER

During the summer, ride the Aerial Tram to the top of the ski resort and hike down, or just enjoy the panoramic view from the top of Rendezvous Mountain. The views of the surrounding mountains and valley are unsurpassed from this point, which is the highest lift-service area in Jackson Hole. In early summer, the tram provides perhaps the easiest access to view Jackson Hole's wildflowers and provides a birds' eye view of the mountains. There are naturalists to provide guided tours or, for the more adventurous, pick up a trail map from Guest Services at the bottom of the resort and explore on your own.

- The Tram generally operates daily between the hours of 9:00am and 6:00pm.
- Bring an extra layer of clothing, preferably windproof, because the top of the tram is at an elevation of 10,451 feet (3,185 meters) above sea level.
- Sturdy and comfortable hiking shoes are recommended.
- If you go on your own, please remember to bring water and snacks.
- If you go on your own, please be sure to tell someone where you are going and when you plan to return for safety.
