Welcome to Amanyara

Surrounded by the unsurpassed beauty of Malcolm's Road and the Atlantic Ocean, Amanyara's distinctive architecture, combined with its enviable location and intuitive service, makes it a timeless backdrop for any occasion – a place where every detail has been meticulously considered to transport the mind away from the routine of daily life and into a state of calm serenity.

Situated on Providenciales, just 25 minutes from the island's international airport, Amanyara combines a secluded coastal setting with convenient access for groups.

Getting There

Situated on the north-west tip of Providenciales Island, Turks and Caicos, Amanyara is a private enclave just 25 minutes by car from Providenciales International Airport. Direct flights operate between Providenciales and the US cities of Atlanta, Philadelphia, Boston, Miami, Charlotte, Dallas, New York and New Jersey, as well as from Toronto, Canada. Private aviation is also readily available upon request with our preferred partners at RYL Jet and Blue Heron Signature FBO.

A dedicated welcome concierge remains on hand for groups, coordinating all arrivals and departures with private SUV transfers to and from the resort.

Accommodation

Designed to connect seamlessly with their natural surroundings, Amanyara's 38 timber-shingled pavilions offer views of the ocean or the verdant greenery of the nature reserve. All have outdoor entrance terraces, wooden sundecks and king-size beds, with floor-to-ceiling windows bringing the outdoors in.

The resort is also home to 19 Villas, each on over half a hectare of private land (1.5 acres) and arranged around a black infinity-edged swimming pool. Serviced by a chef and host, they offer three distinct outlooks: Tranquillity and Serenity Villas overlook expansive reflection ponds and gardens; Ocean Villas have ocean views; and Beach Villas offer direct beach access.

Island Life

Amanyara offers an array of unique experiences for guests to discover the essence of Turks and Caicos both on and off property. For a taste of island life, groups can enjoy a picnic on Blue Hills Beach, one of Providenciales' original settlements, or spend a laid-back evening beneath the palms at Da Conch Shack.

Upon request, the Amanyara team can also arrange private transportation for those wishing to explore the island at their own pace.

Activities

OFFSHORE ACTIVITIES

Capture picturesque scenes above and below the water from Amanyara's tranquil coastline – a recognised marine national park. Private yacht charters are available throughout the season with itineraries designed to suit groups of varying sizes. Snorkel in temperate waters or take to the mangroves on a single or tandem kayak, discovering nearby coves, inlets and deserted beaches. With advance booking, a marine biologist and certified dive master can accompany your group, explaining all the details of the coastal vegetation, sea life and rock formations along the way.

ACTIVITIES ON LAND

Located on the secluded shores of an 18,000-acre nature reserve, Amanyara's abundance of space makes it an ideal location for sports and recreation with guests able to take advantage of outdoor tennis courts, a full-size football field and professional boxing and Pilates studios.

The Clubhouse is Amanyara's sports hub, where groups can build their team spirit playing soccer, tennis, pickleball and padel in addition to ping pong, shuffleboard, pool and foosball.

For a more dynamic activity to lift your group's energy, The Yard offers an outdoor training space incorporating Climbing and Bouldering experiences with Cargo Nets and Climbing Ropes, as well as Boxing bags, functional training ramp and staircase and a Sprint track featuring the same Mondo surface used in Olympic events.

In the evening, come together and enjoy a film in The Clubhouse's screening room with freshly made popcorn and snacks.

Spa & Wellness

ISLAND-INSPIRED TREATMENTS

The Aman Spa's experienced therapists combine global wellness therapies with the traditional healing practices of the islands and natural ingredients sourced from the region and the Caribbean Sea. Various island massage techniques are used in synergy with Provos organic cold-pressed virgin coconut oil, known for its healing and anti-ageing properties.

Designed to leave guests feeling refreshed and restored, the Purifying Journey combines three treatments from the Aman Spa's Purifying pathway. Beginning with a body scrub and wrap, the experience continues with a relaxing full-body massage and concludes with a cleansing facial ritual.
